Message:

Hello Sir/Madam,

This is a response to the last request from your office.

- 1) I have amended the power 33W ERP to 20.18W ERP for the 15.2 dBW EIRP for a 16APSK modulated carrier with symbol rate of 333.3 kHz.
- 2) I have also amended the power 4.4W ERP to 2.67W for the De-QPSK modulated carrier with symbol rate of 41.67 kHz.
- 3) I have updated the Exhibit Document with additional information and have uploaded the file through the "Amend/Complete Application" link in the "Office of Engineering and Technology web site.

Thank you,

Yohannes
