Message:

Thank you for the clarification about the aircraft facility vs lab facility. The original narrative was somewhat similar to another GPS reradiator application.

- I have also noticed the ERP spreadsheet is the exact replica from another GPS application. The numbers in the yellow are supposed to values relevant to your facility. Are you certain that these values represent for your facility?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 08, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
