RE: Application of EchoStar Global Australia Limited, Pty for Experimental Use in the S-Band

Dear Ms. Dortch:

DISH Network Corporation ("DISH") by this letter consents to the proposed experimental use by EchoStar Satellite Network Systems, LLC ("EchoStar") of certain spectrum bands licensed to DISH for a fixed individual earth station and mobile user devices accessing the EchoStar Global satellite system. DISH understands EchoStar is seeking a 5-year term and at all times will operate on a non-interference basis in a limited number of test locations.

The impacted DISH licenses are:

- DBSD Corporation, AWS-4, 2010-2020; 2190-2200 MHz (all 176 EA licenses)
- Gamma Acquisition L.L.C., AWS-4, 2000-2010; 2180-2190 MHz (all 176 EA licenses)
- American H Block Wireless L.L.C., AWS H-Block, 1995-2000 MHz (all 176 EA licenses)

Please contact the undersigned with any questions.

/s/
Alison Minea
Director of Regulatory Affairs
