Subject: RE: Request Spectrum Coordination

Mr. Davis,

I have spoken with our coordinator regarding your request. In order to save time and coordination costs, he recommends amending your application to the FCC to list only the frequencies you which to coordinate and more specifically, do not include 1435-1525 MHz and 2360-2390 MHz. By doing this, the FCC computer will not return a message to require you to coordinate with AFTRCC.

I have copied Mr. Morris, AFTRCC TM Coordinator, on this email. His phone is 903-457-6949 if you have additional questions.

Thanks,

Chriss Brown, CPA
AFTRCC Accountant

Subject: Request Spectrum Coordination

Kris,

Per out Conversation:

RE Request Spectrum Coordination.txt

I have attached the AFTRCC Form 87 T, FCC STA, and a Memo providing some detail on the demonstration at Aberdeen Proving Ground, MD. Please feel free to contact with questions.
