Subject: 0798-EX-CN-2020 pre-coordination data request

---

Message:

I received a message that I have to file a Pre Coordination Document before my filing can be processed but I have no idea what that document is or its format and I can't find any reference to it on your site. Can you please tell me where I can find a copy of the pre coordination document that needs to be filed.

Thanks.
