Application Narrative for Proposed Equipment

Proposed Program

FCA is proposing GPS within their automobile lab building for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the lab facility, located at 800 Chrysler Dr., Auburn Hills, MI with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their automobiles to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information
