remote user terminals;⁴ and (iii) a groundstation in Logan, Utah.⁵ The authorizations for these components will expire on August 1, 1999. Grant of these renewal applications is in the public interest and consistent with the Commission's rules, for the reasons explained in the attached applications. Accordingly, Final Analysis respectfully requests the Commission expeditiously to grant the enclosed applications for renewal of the above-captioned authorizations for a two-year period.⁶

Included with this filing is a completed FCC Remittance Advice Form 159 and three checks in the amount of \$45.00 each made out to the Federal Communications Commission for the appropriate filing fees (Fee Code EAE). Four copies of this filing and a stamp-and-return duplicate also are enclosed. Please do not hesitate to contact me if you have any questions regarding this matter.

Respectfully submitted,

Todd D. Daubert
