Dear Frank:

Application of General Motors Research Corporation for
Modification of Experimental Radio Service License KG2XLB

On June 18, 1992, General Motors Research Corporation submitted a request for modification of Experimental Radio Service License KG2XLB.

Pursuant to FCC Rules, we request that the information provided in the application package and any other data that we may provide be withheld from public inspection, since knowledge of our developmental activities could defeat our competitive position in the market place.

Questions regarding this request should be directed to the writer's attention at the below listed address - not the licensee address. My phone number is listed below, and included in the letterhead above is my fax number.

Sincerely,

Lois A. Williams, Assistant Secretary
