Subject: Request for Info - File # 0844-EX-CN-2017

Message:

Justify the use of 300 non-approved transmitters. The Commission does not like having large numbers of non-approved devices deployed in public locations. Also explain why you need two years to test this equipment rather than a much shorter period of operation before getting the equipment authorized.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of January 18, 2018 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
