Subject: Request for Info - File #0026-EX-PL-2010

Message:

Your application requires coordination of the band 5091-5250 MHz with an FAA Regional Frequency Management Office using the procedures below.

The Federal Aviation Administration (FAA) Western Pacific Regional Frequency Management Offices should be contacted at:

Federal Aviation Administration
Frequency Management Officer
AWP-471
P.O. Box 92007
Los Angeles, California 90009-2007
Telephone: (310) 725-3667 Fax: (310) 725-6865

Please report the following information to the FAA Regional Frequency Management Office. Write "None" for a parameter if it is considered not applicable to the experiment:

- type of antenna;
- transmit antenna gain;
- elevation above sea level of the antenna site;
- height above ground of the focal point of the antenna;
- antenna polarization;
- the azimuth that the antenna is pointed or appropriate designator to indicate whether the antenna is rotating, non-directional, etc.;
- equipment nomenclatures;
- radius of operations if appropriate;
- detailed description of the proposed operation to include any technical parameters that will be altered during operations.

Report back to this office when coordination with the regional office has been completed, and report any "NGT" numbers assigned by the regional office.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 04, 2010 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
