Subject: Request for Info - File #0658-EX-PL-2014

Message:

Your application requires coordination of 5091-5250 MHz with an FAA Regional Frequency Management Office using the procedures below.

The Federal Aviation Administration (FAA) Eastern Service Area should be contacted at:

Federal Aviation Administration
Mark Gallant (Central Service Area)
Mark.gallant@faa.gov
(817) 222-4761

Please report the following information to the FAA Regional Frequency Management Office.

- type of antenna;
- transmit antenna gain;
- elevation above sea level of the antenna site;
- height above ground of the focal point of the antenna;
- antenna polarization;
- the azimuth that the antenna is pointed or appropriate designator to indicate whether the antenna is rotating, non-directional, etc.;
- equipment nomenclatures;
- radius of operations if appropriate;
- detailed description of the proposed operation to include any technical parameters that will be altered during operations.

Report back to this office when coordination with the regional offices has been completed, and report any "NGT" numbers assigned by the regional office.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 03, 2014 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
