Subject: Request for Info - File #0014-EX-PL-2007

Message:

Your application requires coordination with an FAA Regional Frequency Management Office using the procedures below.

The Federal Aviation Administration (FAA) Central Regional Frequency Management Offices should be contacted at:

Federal Aviation Administration
Frequency Management Officer
ACE-474
901 Locust
Kansas City, Missouri 64106-2641
Telephone: (816) 329-3480
Fax: (816) 329-3657

to prior coordinate use of 1030 MHz.

Please report the following information to the FAA Regional Frequency Management Office. Write "None" for a parameter if it is considered not applicable to the experiment:

- type of antenna;
- transmit antenna gain;
- elevation above sea level of the antenna site;
- height above ground of the focal point of the antenna;
- antenna polarization;
- the azimuth that the antenna is pointed or appropriate designator to indicate whether the antenna is rotating, non-directional, etc.;
- equipment nomenclatures;
- radius of operations if appropriate;
- detailed description of the proposed operation to include any technical parameters that will be altered during operations.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of January 19, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of

the filing fee pursuant to Section 1.1108.
