

Product Manager, Endurance Unmanned Aircraft System (PM-EUAS) has awarded General Atomics Aeronautical Systems, Inc. (GA-ASI) with the Gray Eagle Technical Services (GETS) contract (W58RGZ-18-D-0138) to modernize the Army Gray Eagle Unmanned Aircraft System (UAS) platform. The modernization effort will include a new SATCOM ground terminal (Airbus 19000742-33446) and a new SATCOM air terminal (L3Harris 1000183390). To support development and integration of these new terminals, radio station authorization is required.
