Subject: Request for Info - File # 0461-EX-CN-2021

Message:

NTIA has chopped your frequency request up into many frequency bands that now fail their validation checks. The requested bandwidth of 100 MHz will not fit into many of these subbands. They have rejected 1535-1615 MHz, 1660.5-1668.4 MHz and 2025-2110 MHz. You also have requested a 100 MHz bandwidth that will not fit within 1390-1393 MHz. Also, there is a strict airborne prohibition in 1390-1393 MHz. Respond on how you would like to proceed.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 13, 2023 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
