---

Message:

One note of clarification regarding types of UAS to which this license will apply. General Atomics also has MQ-9A &quot;Reaper&quot; and MQ-9B &quot;SkyGuardian&quot; unmanned aerial systems operating at Laguna Army Airfield (Yuma Proving Ground, ICAO KLGf) as well as at Castle Dome Army airport (2CA9). This application applies to all MQ-1C, MQ-9A, and MQ-9B at both airfields.

All other previous comments for the application apply.
