The use of 1775-1780 MHz will require you to get the consent of Advanced Wireless Services (AWS) licensees. If you start at 1780 MHz or above, this will not be necessary. Do you want to change your start frequency to 1780 MHz instead of 1775 MHz?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 13, 2017 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
