Subject: Request for Info - STA File #0462-EX-ST-2017

Message:

I believe I have it straight now.

In response to your response Ref. 36559:

1. A second antenna was added to represent the 2nd location. The text box is empty now; locations are only in the coordinates field.
2. This is a mobile ground station in a small truck, but will remain fixed (0 km radius) during the duration of the test.
3. 136.750 was replaced with 146.500.
