Subject: FCC File # 0494-EX-ST-2004

Message:

Dear Mr. Naiel Askar:

Please verify and, if necessary, correct the antenna data pertaining to the geographical coordinates in this application. In particular, please report all coordinates to the nearest second (if zero, then please enter '0'). Please notice that the 40 km radius requested in Borrero Springs may include Mexico which the FCC does not regulate, so the selection of a new center of mobile operations and radius completely within the USA may be required. Also, the coordinates reported for San Diego, CA may be further north than desired so please verify that the San Diego coordinates are correct or report a city which more accurately reflects the coordinates currently reported for San Diego.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 24, 2004 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
