Subject: Request for Info - STA File #0241-EX-ST-2009

Message:

Dear Mr. Young, could you clarify what you mean by military point of contact. GDAIS currently does not have a military contract with regard to the use of the frequencies. We have contacted the local military authority who has responded that the allocation of the frequencies rest with the FCC because GDAIS currently does not have a contract in place with the Government. However we can provide the name of the military person whom we are in communication with on this topic. Thank-you for your attention.

Philip Cheung
