Subject: Request for Info - File #0100-EX-PL-2013

Message:

Reference Information from OET email:

Applicant: General Dynamics C4S
File Number: 0100-EX-PL-2013
Correspondence Reference Number: 21180
Date of Original Email: 08/12/2013

Attention: Mr. Doug Young

The Wide Networking Waveform (WNW) is currently being developed under GDC4S Internal Research and Development (IRAD) and targeted for multiple potential customers including the Department of Defense (DoD). Although this development and testing includes the JTRS HMS radios, it is not currently being developed for any specific agency.

Thank you very much.

Regards,
Gil Estrella
