Subject: Government Project Description for Question 4 of Form 442.

Dear Sir/Madam:

This memo provides the description of the government program regarding the General Dynamics C4 Systems (GDC4S) experimental license application, #0488-EX-PL-2009.

The government program is called Integrated Wireless Network, or IWN. This is a program for the Department of Justice (DOJ), under Contract Number DJJ06-C-1410 / DJJ1410-0004, to provide a nationwide VHF trunked LMR radio system. This project will require that GDC4S configure a radio lab (with associated equipment) to be used to perform system design, functional verification, and troubleshooting of field problems.

The government point of contact for this program is Mr. Ian Anderson and can be contacted at (202) 598-2025 or via email at ian.Anderson@usdoj.gov.

Please contact me if you need any additional information or have any questions.

Thank you very much.

Regards,

Gil Estrella
