Mr. Young,

With respect to your question regarding the modification application filed Monday, General Dynamics has confirmed that they do not intend to operate within 125 km of White Sands, NM. If we can provide any further information, please let us know. Thanks.

Best regards,  
McLean

Thursday at 2:00 is fine, just remind me Thursday morning.

Also, on your last filing, the mod for General Dynamics, could you inquire whether your client ever intends to operate within 125 km of White Sands, NM? If they need to operate there, I will have to coordinate with NTIA. Otherwise, only IB will see the application.
