To: Mr. Doug Young

I apologize for not being clear in the description of the purpose for this license request. The equipment will indeed be used as experimental RNSS Test Equipment for the purpose of testing GPS receivers that are integrated into the Land Warrior Systems. These systems are being developed at the General Dynamics C4S facility, Bldg H760.

I have rephrased the purpose of the license request and included an updated attachment as Revision A.

Please let me know if you have any additional questions or concerns.

Thank you very much.

Regards,
Gil Estrella
