Federal Communications Commission
Experimental Licensing Branch
445 12th Street SW
Washington, DC 20554

Subject: Narrative Statement required per FCC Form 442

Dear Sir/Madam:

This experimental license request is filed for continuing operation and extension of the Special Temporary Authorization (STA) 0713-EX-ST-2006 in accordance with 47 CFR Part 5.61(b).

As described in the original STA application, this experimental license is necessary to perform measurements on a Ku-Band antenna in free field environment. The measurement data will be used to determine potential interference issues when the antenna is used on a space vehicle.

Please contact me if you need any additional information or have any questions.

Sincerely,

Gil O. Estrella
