Message:

You list your GPS transmit power in your calculations as -72 dBm EIRP. This also equals 63 pW EIRP. The ELS form asks for ERP and you have entered 60 pW. The ERP from your calculations should be  $63/1.64 = 38$  pW. Do you agree that this is what it should be?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 12, 2012 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
