Subject: Request for Info - File # 0562-EX-CR-2018

Message:

Dear Sir/Madam:

General Dynamics respectfully requests an extension of time until 02/22/19 for submitting the necessary coordination document from AFTRCC for the renewal of 0562-EX-CR-2018 (WJ2XWF). We are currently in the process of obtaining the AFTRCC coordination.

The AFTRCC recently sent a response indicating that our coordination request was sent to DoD AFC Arizona just yesterday (01/28/19). Since the FCC/OET website was shutdown due to the closure, AFTRCC could not obtain a copy of the current license.

The AFTRCC request was processed on 01/28/19. They have indicated that they should have a response from DoD in the next couple of days and, if concurred, GDMS should have the coordination later this week per Wayne Morris, AFTRCC Telemetry Coordinator.

I will give the DoD and AFTRCC several working days to process and if not heard from them will query for a status update.

Thanks you.

Regards,
Gil Estrella
GDMS EMC/TEMPEST Group
