Subject: Advance Publication Information for the TARGIT
satellite mission network.

Dear Sir:

In accordance with the provisions of Article 9.1 and Appendix 4 of the Radio Regulations, the Administration of the United States is submitting a request for the Advance Publication Information of the Tethering and Ranging mission of the Georgia Institute of Technology (TARGIT) satellite mission network.

Enclosed is an API file created with Space Capture V.8 of the information for the TARGIT satellite network. The SpaceVal report indicates that there are no fatal errors in the SpaceCap file.

In addition, we would like to provide the cost recovery billing information under Agency code 528 in the Preface to the International Frequency List (IFL) for U.S.A. commercial operators. Cost-recovery invoices associated with this filing should be sent to the following point of contact:

Dr. Brian C. Gunter
Georgia Institute of Technology
School of Aerospace Engineering
260 Cherry Street NW
Atlanta, GA 30332-0150
E-Mail: brian.gunter@aerospace.gatech.edu
Phone: +1-404-385-2345
Fax: +1-404-894-2760

Technical questions regarding this submission should be directed to:

Dr. Brian C. Gunter
Georgia Institute of Technology
School of Aerospace Engineering
260 Cherry Street NW
Atlanta, GA 30332-0150
E-Mail: brian.gunter@aerospace.gatech.edu
Phone: +1-404-385-2345
Fax: +1-404-894-2760

We request that a courtesy copy of all correspondence be sent to our Administration also.

Please acknowledge receipt of this information.

Thank you for your kind consideration in this matter.

Sincerely,

Chief, Strategic Analysis and
Negotiations Division
International Bureau
