Subject: Request for Info - File # 1508-EX-ST-2018

Message:

Are one of the two 2200-2290 MHz frequency listings for the ground transmitter and one for the aircraft? Which is which? Is the ground terminal at a fixed location? What is the maximum altitude the aircraft will transmit from? What is the necessary bandwidth of the signal? Is it the same for air-ground and ground-air?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 31, 2018 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
