

**Description of Transaction**

In the instant application, Globalstar, Inc. ("Globalstar") respectfully requests Commission approval for the *pro forma* assignment of Globalstar's experimental authorizations from Globalstar to Globalstar Licensee LLC, a newly formed, wholly-owned subsidiary of Globalstar. The proposed assignment is being undertaken at the request of certain of Globalstar's lenders in connection with a recent financing transaction and, because the proposed assignee is wholly-owned by Globalstar, does not involve any change in the ultimate ownership or control of the subject licenses and authorizations
