Dear Sirs,

Blue Canyon Technologies (BCT) required Globalstar to submit an Experimental License Request to support their CubeRRR CubeSat mission. BCT has had difficulty paying for the above-referenced ELS Application, File 0016-EX-CN-2018 and requested that Globalstar submit a new ELS request and cancel File 0016-EX-CN-2018.

The new Globalstar ELS Request is File 0095-EX-CN-2018.

Please cancel the ELS Request File 0016-EX-CN-2018
