Subject: Request for Info - File # 1700-EX-ST-2020

---

Message:

Globalstar rescinds its request for the FCC to withdraw/terminate STA File# 1700-EX-ST-2020.

The start date for the application has been changed to be 15 days from the date of the STA Application submittal.

Globalstar has received new information from Lynk Global regarding FCC's guidance. At this point, Globalstar requires guidance from the FCC before withdrawing STA Request File# 1700-EX-ST-2020.

Lynk Global believes STA File# 1700-EX-ST-2020 must remain in place so that they will have uninterrupted spectrum authorization until their Form 442 request is granted, at which point the FCC will terminate the STA Companion License authorization.

If this is the case, then Globalstar Companion License request STA File# 1700-EX-ST-2020 should not be withdrawn, because it supports Lynk Global's STA.

We look forward to receiving further guidance.
