Re: Applicant Name Change, Call Sign WF2XMC

To Whom It May Concern:

On November 10, 2020, the Federal Communications Commission (“FCC”) consented to the transfer of control of Gogo CA Licenses LLC¹—the licensee of Call Sign WF2XMC. Gogo CA Licenses LLC subsequently changed its name to Intelsat Inflight Licenses LLC (“Intelsat”); updated the associated FRN with the new name; and filed a consummation notice for the transfer and a notice of name change as post-grant exhibits to File No. 0057-EX-TU-2020.

Intelsat, through counsel, and at the request of FCC staff, herewith files this Form 442 modification to effectuate the name change for Call Sign WF2XMC. Because Form 442 does not specifically allow a change in applicant name, Intelsat requests that the applicant name for the instant application be changed to Intelsat Inflight Licenses LLC.

Best regards,
