Subject: Request for Info - STA File #0050-EX-ST-2010

Message:

Received your correspondence dated 02/01/2010 with reference to the use of 2310-2320 MHz requiring coordination with AFTRCC.

Given that coordination is taking longer than expected, we respectfully request that the portion of this application seeking access to the 2305-2313 MHz band be withdrawn. We will submit a separate STA request when AFTRCC coordination is received for this band.

Please grant the remainder of this STA application, with respect to the 2390-2450 MHz band at all venues as soon as possible. Thank you.

Regards, Christopher D. Imlay
