## **Application Narrative for Proposed Equipment**

### **Proposed Program**

Gulfstream Aerospace is proposing GPS within their aircraft hangar building for testing purposes.

### **Objectives**

We seek to accomplish the following objectives:

1. Illumination of the part of the aircraft facility, located at 680 Preston A. Henne RD. , Savannah, GA 31408 with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their aircraft to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
