Re: Harris Corporation-Farinon Division  
Application for reinstatement of  
license for Experimental  
Station K02XGT

Dear Sir/Madam:

On behalf of Harris Corporation-Farinon Division, we are filing its application for reinstatement of its authorization for its experimental Station K02XGT. Harris manufactures and sells equipment for point-to-point microwave systems authorized in all Commission services under Parts 21, 22, 74, 78 and 101.

The license would be used for testing and demonstrating its products to prospective customers. Since this is an ongoing activity and Harris sells its products to customers nationwide, a two year renewable license authorizing operation at temporary fixed locations anywhere in the United States is requested.

An extra copy of this filing, marked 'Please Stamp and Return this Copy to Fletcher Heald & Hildreth' is enclosed. Please date stamp this copy and return it to me in the self-addressed, stamped envelope provided.
