Subject: Request for Info - File #0410-EX-PL-2015

Message:

1. Your frequencies do not have emission or bandwidth data. Amend your application to include at least one emission with bandwidth for each listed frequency. Guidance on determining emission and bandwidth can be found in 47CFR2.201 and 47CFR2.202, <http://bit.ly/1eD9I6T>.
2. The downlink frequency band need not be listed on the application unless Hughes is the entity responsible for transmissions from the satellite. Is Hughes responsible for these transmissions? It appears that the downlink is licensed by Mexico.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 07, 2015 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
