Message:

Respond to the comment below from the Wireless Telecommunications Bureau's Mobility Division:

"Given the short distance to the FSS ESs, Mobility Division will need more than the back-of-the-envelope analysis that the applicant provided for 3700-3800 MHz band. At the minimum, if they mention that they will be coordinating with the FSS entities that they list, would be acceptable to us."

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 03, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
