Subject: Request for Info - File #0140-EX-PL-2014

Message:

On February 2, 2015 the FCC issued the following request for information: "What is the status of the FAA pre-coordination?"

This week the FAA has issued the requested NGT number for the Harris Corporation "Harris" experimental application under File No. 0140-EX-PL-2014.

The NGT Number is: 150069

In coordination with the FAA, Harris has agreed to blanking from 50 degrees to 100 degrees and 225 degrees to 270 degrees, and to keep maximum power to 75 watts.

If anything further is needed please let us know.

Thank you,
Glenn Werner
