**Subject: Question 4, Government Contract**

Dear OET:

This frequency request is in regards to our Naval PAR contract with the Navy division of the U.S. Government: Naval Air Warfare Center. We have eighteen systems on order which the Navy refers to as COTS PAR System. For Harris this is our MPN-25 PAR System in terms of our standard radiating functionality that we have used on previous systems.

As stated in the application, the Naval contract number is N68335-14-16-D-0019 and the point of contact is: John Clarke. He can be reached at 301-757-8453.

Sincerely,

Forrest Pierson  
Frequency Manager
