EXPERIMENTAL STA REQUEST (EXTENSION)  
FILE NO. 0206-EX-ST-2020**

**REQUEST FOR EXTENSION OF STA**

L3Harris Technologies, Inc. ("L3Harris") hereby requests a six month extension of the experimental Special Temporary Authority ("STA") granted under File No. 0636-EX-ST-2019<sup>1</sup> (FCC Call Sign WO9XIY) to support testing of a replacement communications system provided by L3Harris in order to demonstrate waveform compatibility of equipment manufactured by two independent contractors. The continued testing will allow L3Harris to provide confirmation to its government sponsor of such waveform compatibility prior to final NTIA/AMSO authorization.

The existing authorization is slated to expire on March 2, 2020. L3Harris is requesting an additional six month STA term until September 2, 2020. L3Harris expects to finalize compatibility testing within the requested term and realizes further requests for extension of the authority must be filed on FCC Form 442, "Application for New or Modified Radio Station Authorization under Part 5 of FCC Rules - Experimental Radio Service."

L3Harris will continue to adhere to the Special Conditions associated with the authorization, namely:

- (1) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shut down.*
- (2) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.*

The **stop buzzer contact** for this project will continue to be Andrew Cisar at L3Harris, tel: 321-271-6466, e-mail: [acisar@L3harris.com](mailto:acisar@L3harris.com).

---

<sup>1</sup> Authority was granted to Harris Corporation. Pursuant to a name change request filed with the Commission on July 29, 2019 (*see attached*), L3Harris again requests that the licensee name be updated to L3Harris Technologies, Inc.
