DISMISSED-WITHOUT PREJUDICE

Dear Amy Cowher,

This refers to application, File No. 0563-EX-PL-2015, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The current facilities are still authorized under WG2XGM until October 1, 2016. You should request a name change on that authorization now and then file for renewal no more than 90 days prior to expiration. At that time, operations will need to be re-coordinated with the FAA's Western Service Area (James.motley@faa.gov (310) 725-3474). Supply the new NG T numbers with that filing.

Responses to this correspondence must contain the Reference number : 30249

Sincerely,

Nriake Nweke
