Request for Info - File #0483-EX-PL-2006

Message:

1) yes, this is an extension of the original license, which makes me wonder if I should be doing this as a renewal?

This is for National Science Foundation Contract Award number OCE-9819534

2) Okay, I can do that; is it proper to request that here, or just amend the application?

3) You are correct, its F1N; I probaly hit the wrong dropdown on the webpage.

Thank you,
Derek Young
