Mr. Young,

I hate to bother you as I know you are very busy. However, can you tell me the status of our experimental transmit license request? Our customer keeps asking for me to send them a copy of the license since testing is supposed to start Monday, 16 September, and they are getting concerned.

I believe that we made the requested modifications to our license request and resubmitted.

Any status information that you can send me is greatly appreciated.

Thank you,

Walt
