1. Applicants in the Experimental Radio Service shall avoid use of public safety frequencies identified in part 90 of this chapter except when a compelling showing is made that use of such frequencies is in the public interest. The band 851-854 MHz is allocated to public safety. Submit a compelling showing that your requested use of these frequencies is in the public interest or withdraw your request to use them.
2. While 1710-1780 MHz is allocated to Advanced Wireless Services, 1780-1785 MHz is allocated to the federal government and would have to be coordinated with NTIA. Are you sure you want the 1780-1785 MHz portion of your request?
