Subject: Request for Info - File #0192-EX-PL-2016

Message:

ok, we will not use 851-854 MHz or 1780-1785MHz.
I looked around FCC web site to modify my application to withdraw such bands.
I couldn't find a place to do that.
could you let me know how to do that? or this reply to the correspondence is accepted for withdrawing such bands?

Thanks
Dongho
