Subject: RE: Fee for experimental license

Dear Mr. Kennedy,

I apologize for not returning your call or e-mail yesterday as I was out of the office.

The fee was sent, however the form 159 was returned to me. I had mistakenly left out required information (Form 442 File No. and Confirmation No.) from Section C of the form. I added the missing information and resent the form early last week. You should be receiving it anytime now. Sorry for the delay.

Thank You,

Kimberly Clowe

Subject: Fee for experimental license

Dear Ms. Kimberly Clowe:

After reviewing your application, I noticed that the fee for the experimental license has not arrived. If you have sent the fee, then disregard this e-mail. If you have not been able to send the fee, please send it so that I may continue to process your request for a license.

Sincerely,

John Winston Kennedy
