Mr. Young,

Relative to correspondence with respect to reference number 10137:

Per our last correspondence, Honeywell has contacted our FAA POCs for the Miami-Dade Police Department (MDPD) and requested they contact Mr. Tim Pawlowitz regarding the objection to use of the TICK device.

Mr. Ben Walsh (FAA Technical Lead) indicated that he was aware of Mr. Pawlowitz's objection and the reasons for the objection. He indicated that the FAA would have some internal discussions relative to how to resolve this issue.

In order to keep you informed of our progress, I will make another reply to this correspondence once the FAA discussions are completed and a recommendation for resolution of this issue is reached.

Please advise us if there are any additional actions needed for this application.

Thank you,
