Subject: Request for Info - STA File #0056-EX-ST-2010

---

Message:

Mr. Young,

In reference to correspondence number: 10276

We are requesting 6 channels which are ~ 5 MHz wide. We have looked at the channel definition from our vendor (AeroVironment Inc) and are requesting operation in following frequency bands:

Channel 1	1691.5-1696.5 MHz
Channel 2	1696.5-1701.5 MHz
Channel 3	1701.5-1706.5 MHz
Channel 4	1706.5-1711.5 MHz
Channel 5	1711.5-1716.5 MHz
Channel 6	1716.5-1721.5 MHz

This keeps us out of the unallowed bands of:

1660.5 -- 1668.4 MHz  
1625.5 -- 1654.5 MHz  
1673.5 -- 1690.5 MHz

Thank you  
Ragon Michael
