Subject: Request for Info - File #0278-EX-PL-2008

Message:

Mr. Young,

I had planned to wait until we received something in writing from the FAA office in Ft Worth until I posted it in the correspondence file. However, we are in contact with Mr. Gallant and Ms. Mai from that office. They had asked for some additional information relative to our operations, but have communicated to us that they should be able to provide us the result of their review by end of this week (17 Oct 08). I'm assuming that I can provide the results of that coordination sometime next week.

As soon as we receive their feedback, I'll post the information to this site. If there is a delay, I'll also post a status next week.

Thanks
Ragon
