Subject: Request for Info - File #0412-EX-PL-2008

---

Message:

Mr. Young,

The following is a clarification of our coordination with the FAA regional office. There was in fact a misunderstanding of what frequency coordination was required. The following is from an email correspondence with Ms. Kimberly Mai (CSA Spectrum Engineer):

Mr. Ragon,

Below are NG T Numbers:

for Albuquerque, NM

NG T080503, M1370.000 - M1390.000

NG T080504, M328.600 - M335.400 (Excluding 331.1, 332.9 and 334.4 MHz. We are using these three frequencies around that area.)

for Laguna, NM

NG T080512, M1370.000 - M1390.000

NG T080513, M328.600 - M335.400 (Excluding 331.1, 332.9 and 334.4 MHz. We are using these three frequencies around that area.)

Best regards,

Kimberly Mai

AJW-C15F, CSA Spectrum Engineer

Office: (817)222-4765

Fax: (817)222-5977

Email: Kimberly.Mai@faa.gov

For this filing (0412-EX-PL-2008), the applicable NGT numbers are NGT080504 for 328.6-335.4 MHz for Albuquerque and NGT080513 for 328.6-335.4 MHz for Laguna. Other NGT numbers in her email are associated with other applications (I'll post them in the appropriate correspondence file).

I believe this completes our coordination with the FAA regional office for this filing.

---

Our coordination of 2310-2320 MHz and 2345-2390 MHz with AFTRCC and WSMR is progressing. Coordination with WSMR (see excerpt of email below) advises us to coordinate with AFTRCC and the WSMR office will concur with their guidance.

Classification: UNCLASSIFIED

Caveats: NONE

Scott - Per our conversation, I am going to have you run these through AFTRCC - Aerospace and Flight Test Radio Coordinating Council. The POC is Darryl Holtmeyer - see below. Once AFTRCC concurs, they will let my office

know. Since this effort is outside of the DoD purview, if AFTRCC concurs, then I will also concur. Then, you can take the AFTRCC and DoD-AFC concurrence to the FCC.

Regards,

Richard J. Wyman

---

We will prepare the application for coordination with AFTRCC and will keep you advised as to our status of this coordination.

Please don't hesitate to advise either Scott Hodgson or me if there is additional information you need relative to this application.

Thank you
